## A VERY SAD AFFAIR.

The community was greatly shocked a few days ago by the report that Stephen Cooper was insane. Steve had been very sick with malarial fever for several weeks, but was getting better and the fever had left him when it was noticed that his mind was affected. He imagined that he had bought several hundred acres of land in Nemaha and Aspinwall premises and was running a big dairy farm. He also imagined that he had bought several thousand sheep (forty thousand at one time), and worried continually because he could not get out and look after his business. He had a number of other schemes that he talked of. These delusions were first noticed about two weeks ago. He could not be induced to take any medicine, and insisted that he was being starved to death. Then he began to threaten the family, and the doctors advised that he be sent to the asylum, where he could have proper treatment. He was taken to Auburn Tuesday, and the insanity examining board, consisting of Dr. C. F. Stewart, District Clerk A. D. Gilmore and A. J. Burnham, pronounced him insane. There has been a little delay in taking him to the asylum on account of a mistake in papers, but he will be taken to Lincoln in a day or two. He is being cared for at Auburn.

The case is a very pitiful one. Steve is only 31, very energetic and ambitious. His wife and baby and his parents and sisters have the sympathy of every one in their terrible affliction. It is hoped a short time under the skillful treatment of the physicians at the asylum will soon restore him to his right mind, although the fact that it is to some degree hereditary, he having three uncles who have been insane, makes the case more doubtful than it would otherwise be. It is certainly hoped that he will soon fully recover. He is perfectly rational on most questions. After he found out that he was to be sent to the asylum he expressed a willingness to go. His wife is staying with him until he goes to Lincoln, and his parents, Mr. and Mrs. I. N. Cooper, went out to Auburn Thursday evening to be with him.

## THIS IS NO JOKE.

Kind friends and patrons: This is the close of 1897, and I have carried you for a year. In order to meet my bills I must have what is due me.

Truly yours,

M. H. TAYLOR.

HUNTERS, TAKE WARNING, and stay off my farm (the Wray Taylor bend) and save trouble. J. W. WEBBER.

John C. Clark had a stroke of paralysis Thursday and is lying in a critical condition at his farm, two miles northwest of Nemaha. The children have all been sent for. It is hoped he will rally and live many years yet. Mr. Clark is one of our oldest settlers, moving to Brownville in 1855, and in 1857 he entered the home farm, where he has lived ever since. He is 71 years of age.

Married—At the Methodist parsonage in the city of Auburn, Thursday evening, December 2, 1897, Mr. Ford Skeen and Miss Eva Armstrong, both of Auburn. The ceremony was performed by Rev. John Gallagher, and the wedding was a quiet affair. Both parties are former students of our city high school, and as they embark on the ocean where so many fond hopes have been wrecked, they have the best wishes of all who know them.—Granger.

The groom is a son of Thos. B. Skeen and the bride is a daughter of J. W. Armstrong, the hardware and furniture merchant of South Auburn. The young couple have a large number of friends in Nemaha who join with THE ADVERTISER in best wishes for their future happiness.

Wm. Anderson was in town with some of his brooms Thursday, which he disposed of in short order. It may not be known generally that Mr. Anderson has quite a complete broom factory at his farm, but such is a fact. He puts in about all his time in the manufacture of brooms, and so far has had no trouble in selling all he can make. He guarantees every broom he puts out, and we can testify to their excellent quality, as we have been using them for some time. Mr. Anderson had two and one-half acres in broom corn, and next year expects to put out five acres. He will put up a large building next year, employ a man, and go into the manufacture on a more extensive scale. He sells his brooms at 20 cents each or three for fifty cents.
